

**PRODUCT CARD No. 0044/002/16**

**Product name: Tacker clip**

**Manufacturer: ELEKTROPLAST  
SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ 32-431 STRÓŻA 1015  
Symbol (PKWiU 2015): 22.21.29.0**

**Intended use of product:** Tacker clips are components of the fastening system in underfloor heating installations.

**Zastosowanie: mocowanie rur grzewczych do maty izolacyjnej.**

**Application: Fastening of heating pipes to insulation mats.**

The heating pipe is attached to the insulation with U-shaped clips. The clip covers the heating pipe from above and the double hook on the part of the clip which is pressed into the insulation makes it difficult to pull it out. The U-clips are sold in packs of 50 which are applied to the tacker rod. Once you have removed the tape that holds the clips together, you can start working. Pressing the stick with the handle releases and presses one clip.

**\*Technical properties:**

- **Manufactured in accordance with Directive 2011/65/EU**
- Colour: white
- Material: PP
- **No resistance to UV radiation**

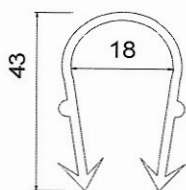

**\*Thermal properties:**

- **Continuous operating temperature from -5°C to + 60°C**

**\*Fire resistance properties:**

- **Flame spreading**

**\*Chemical resistance:** at room temperature resistant to alcohols, petrol, acids except sulphuric, hydroxides, (sodium and calcium chlorides also at 60°C).
